## Birthday Book Order

For many years Cathedral School parents have purchased books for the Cathedral School library in honor of their child's birthday. For \$20 the librarian will purchase a book tailored to your child's interests. The librarian will share the book with the student's class the week of their birthday (or half-birthday), and he or she will be the first student to check the book out from the library. Birthday book purchases will be charged to FACTS.

Fill out the form below, including one or more titles or genre that your child would like purchased for the school library.
